BYOD Setup on NTCS-BYOD Wi-Fi (MacOS)

These instructions contain the steps to configure a BYO device on the NT Christian Schools BYOD network.

1. Join the NTCS-BYOD Wi-Fi network
2. Disable Automatic Proxy settings
3. Install NTSCHOOLS Netskope Certificates
4. Configure proxy settings

Join the NTCS-BYOD Wi-Fi network

1. Join the BYO device to NTCS-BYOD Wi-Fi network using the password provided.

Disable automatic Proxy Settings

1. Open System Settings
2. In Settings, Click on **Wi-F**i. In the Wi-Fi window find **NTCS-BYOD** click on **Details**.
3. The NTCS-BYOD details window will open. Click on **Proxies**. Ensure the following settings are complete:
   - Auto proxy discovery is **Off**
   - Automatic Proxy Detection is Off

4. Press **OK**

Install NTSCHOOLS Netskope Certificates

1. Open browser (Safari) and navigate to https://cert.education.nt.gov.au
2. Scroll to Certificates and download by double clicking the following one at a time:
   - Netskope Root Certificate
   - Netskope Intermediate Certificate
3. In Finder, go to your Downloads folder and find **NetskopeRootCA.**cer file. Double click to open Keychain Access.
4. Enter Administrator credentials when prompted. Click Modify Keychain.
5. Double click **certadmin**. The certadmin window will open.
6. Click on Trust to expand
7. In the **When using this certificate:** drop down menu, select **Always Trust**.
8. Enter Administrator credentials when prompted. Click **Update Settings.**
9. **Repeat this process from steps 3 to 8 to install the NetskopeIntermediateCA.cer** certificate

Configure Proxy Settings

5. Open System Settings
6. In Settings, Click on **Wi-Fi.** In the Wi-Fi window find **NTCS-BYOD** click on **Details**.

7. The NTCS-BYOD details window will open. Click on **Proxies**. Ensure the following settings are complete:
   - Auto proxy discovery is **Off**
   - Automatic Proxy Detection is Off

- Web Proxy (HTTP) is ON
- Server: proxygre.ntschoools.net
- Port: 8080
- Secure web proxy (HTTPS) is ON
- Server: proxygre.ntschoools.net
- Port: 8080

8. Press **OK**

The proxy settings must be turned ON while the BYOD is connected to the NTCS-BYOD Wi-Fi network. When the device leaves the NTCS-BYOD Wi-Fi network then Manual proxy setup should be turned OFF.

Your BYOD setup is now complete for use on the
NT Christian Schools BYOD network.
